

# Emergency First Aid Awareness

This is to certify that

Karen Harding

completed an e-learning course in the above subject.

This activity equates to 1 hour of CPD. This certificate should be kept within your CPD record, and can be used as evidence in a CPD audit by a professional institute or regulator.

- The key areas covered:**
- How to identify injury and treat a casualty
  - How to recognise, assess and treat a choking casualty
  - How to identify wounds and prevent infection
  - The classifications of burns
  - The symptoms of a stroke
  - How to treat the casualty's reaction to epilepsy, asthma and anaphylactic shock

Date: 10/06/2020
